

# COOKING THROUGH LOCKDOWN

We are once again experiencing another COVID-19 lockdown. To help those impacted, Jamie's Ministry of Food will be hosting online cooking events. Participants will have the opportunity to learn life-long cooking skills, through a fun, interactive virtual event.

## SO HOW CAN YOU HELP?

### As an organisation you can help in one of two ways:

1. Sponsor one of our Jamie's Ministry of Food online cooking events, meaning we can invite 96 members of the community impacted by lockdown to join in for FREE. Or;
2. We can host one of our Jamie's Ministry of Food cooking events just for your organisation or a client! This will give employees a chance to catch-up and socialise in a fun and interactive way.

## YOUR INVESTMENT

**For just \$5,000, plus GST you can help us host a Jamie's Ministry of Food online cooking event for up to 96 participants.**

We would in turn promote the cooking event as supported by your organisation across our website, social media and in PR opportunities, where possible.

## LET'S TALK

If you're interested in sponsoring a Jamie's Ministry of Food online cooking event, please contact:
